FOR IMMEDIATE RELEASE

Pima County Registered Voters And Early Ballots Received-by Age

“Voters are excited to cast their votes this year. Over 300,000 ballots have been received and 275,000 processed. These are record numbers for Pima County.”, states Recorder Rodriguez. With an average of 80% of the voters choosing to vote early, Pima County has always embraced early voting, but this year voters are returning their ballots in even earlier.

Included in the release are the number of Active Eligible Voters in Pima County and the number of ballots verified by our office. The numbers shown are broke down by age and percentage returned. All numbers represent a snapshot in time and are constantly changing. The Recorder’s Office is running two shifts in our ballot processing center to meet the high demand.
