PRESS RELEASE

10/21/2020
Early Voting Return Data Update

Early Voting began on October 7, 2020 for the 2020 General Election. The Recorder's Office has had many media inquiries regarding the number of ballots mailed, number of ballots returned and number of ballots turned over to the Department of Elections for tabulation. Included in this release are two reports. The reports contain a snapshot in time of Early Ballot Requests and Early Ballot Returns. The dates and times these reports are generated are at the bottom of the report.

BALLOT SENT ACTIVITY REPORT

The Ballot Sent Activity Report breaks down, by party, the number of early ballot requests that have been generated in our system. This number includes mailed ballots and ballots issued at our Early Voting Sites. The report breaks out 1st, 2nd, and 3rd ballot requests from voters. There are many reasons voters request a second ballot such as: Change of address issues, temporarily away issues, spoiled (sometimes the dog, sometimes coffee) and voting at an Early Voting Site location. ONLY THE FIRST BALLOT RETURNED IS PROCESSED TO BE COUNTED.

BALLOT TURNOVER ACTIVITY REPORT

The Ballot Turnover Activity Report breaks down, by party, the number of voted early ballots that have been scanned, signature verified, and turned over to the Department of Elections for tabulation.

Note that voters are able to register for various parties but there are only four official political parties recognized in the State of Arizona and Pima County per A.R.S 16-801. Current recognized parties include: DEM-Democratic, GRN-Green, LBT-Libertarian, and REP-Republican.

Please check the Pima County Recorder's Webpage at www.recorder.pima.gov under Election Information and Ballot Turnover Receipts for more information and to see daily turnover receipt totals. The turnover receipts do not reflect the total amount of ballots in the Recorder's possession, rather the number of ballots turned over to the Department of Elections. The Recorder's Office is processing and signature verifying thousands of ballots received daily.
