FOR IMMEDIATE RELEASE

Do You Know Your Polling Location? 2016 General Election

Election Day is Tuesday, November 8, 2016. Pima County Recorder, F. Ann Rodriguez recommends that, "Voters verify their polling location prior to going to the polls on Election Day." Registered voters in Pima County can find their polling locations by going to www.recorder.pima.gov and clicking on [Polling Location](#) or by calling the Pima County Recorder's Office at 724-4330.

Ms. Rodriguez would also like to remind voters that the State of Arizona requires proper identification in order to vote a regular ballot at their assigned polling place. If a voter's name does not appear on the poll roster but the voter is currently a resident of that precinct, and is able to provide proper identification, they will be issued a provisional ballot. For more information on ID requirements go to www.recorder.pima.gov and click on [Required Identification at Polls](#).

Voters who received a Vote-by-Mail ballot are encouraged to drop off their voted ballot at ANY Pima County polling location on Election Day. If a voter chooses to vote at the polls but their name appears on the poll roster with an "Early Ballot" notation, the voter will be issued a provisional ballot. A provisional ballot is required by law because a poll worker is unable to determine if the voter voted their Early Ballot. The provisional ballot process will make that determination and process the ballot accordingly.

For more information, voters may log onto the Recorder's office web site at www.recorder.pima.gov and click on [Polling Locations](#). Phones will be operating on Election Day from 6:00 a.m. to 7:00 p.m. Our phone number is 724-4330. Please be prepared to know where you are going on Election Day.
