

# Introducing EAGLE RECORDER

The new records management system by Tyler Technologies for the Pima County Recorder's Office.

Providing  
greater access to  
public records!

Features:

- Ability to view, download and print large/full-screen images of documents from home
- Purchase copies that are downloaded instantly
- Secure payment processing
- Save frequent searches
- Scan and submit documents online for recording
- Fraud Guard alerts users when any public document is recorded using their individual or business name.

During this upgrade
